

# Technologies Summit

Australian Curriculum ♦ Digital Tech (Primary & Sec) ♦ Computing Studies ♦ STEM ♦ Leadership

ICTENSW – ACARA -- BOSTES – Google – Cisco – RoboCup

Wagga Wagga, Friday 29<sup>th</sup> July Kildare Catholic College

## Concerned about the upcoming revisions to Technology education K-10 in NSW?

ICT Educators NSW, the Professional Teachers' Association designed to support Technology education in NSW, is holding a professional development workshop day on Friday, 29 July. BOSTES recently announced the review of all NSW Technology curriculum documents K-10. Come and find out what this means for your school by accessing the latest information from ACARA and BOSTES. Also representatives from RoboCup, and industry will provide the latest advice, resources and ideas for teaching Technology Subjects, at both Primary and Secondary levels.

The keynote address will provide information about the direction of Technology Subjects at a State, National and International level. School Leaders and teachers are invited to take the opportunity to gain an insight into the current processes of practical and theoretical Technology education from K-10. Teachers will have an opportunity to discuss how they might participate in the review of the curriculum, including processes and resources available to teachers and students.

Cost: \$220 for members; \$300 for non-members \$100 for preservice Edu university students.

Register online <http://ictensw.org.au/>
